

## **Resolution By**

Board of Trustees  
Kerrville Independent School District  
February 21, 2001

WHEREAS, the proposed Order by the Kerr County Commissioners relative to the teen curfew involves persons under the age of 17 and likely to be students in our school or other schools in this county; and

WHEREAS, according to the most recent statistics available, that 58% of Kerr County's juvenile referrals for criminal acts occur between the hours of 11:00 pm and 6:00 am; and

WHEREAS, the safety of our students outside of school is an important consideration for their continued success in their classes; and

WHEREAS, a strong relationship exists between the amount of rest students receive and their ability to be attentive and participate in their learning; a curfew increases the likelihood of acquiring that needed rest; and

WHEREAS, appropriate exceptions are proposed in the Order that take into consideration the school calendar and schedule of activities provided for teens by the District.

THEREFORE, the Board of Trustees of the Kerrville Independent School District supports the efforts of the County to impose a standard of conduct for teens relative to the hours during which they may be out in public places.
